Over 14 hours of CoreIDRAW Video Training CDs will be available at a special discount for attending. Learn CoreIDRAW at your own pace, in your own time, and in your skivvies if you like. Whenever you want. Need to refresh on how to do something? Throw in a CD and review whenever you like.

All of these [CDs](#) are designed to give you practical application value and are valuable reference resources long into the future.

We try to bring CoreIDRAW Training to you. These seminars are approximately 4 hours long at a pre-registration cost of \$59.00 per person, \$79.00 at the door (seating permitting). All attending companies will also receive a \$95.00 Getting Started Training CD on CoreIDRAW.

Other locations may be added from time to time. Check back often.

Other products include CoreIDRAW,
Wings Digitizing Software, along with DRAWings 4,
AnaJet direct to garment printers and Imagaro Software as well.
